Product Catalogue 2025/2026

# HANDBUILT IN LANCASHIRE

Established in 1996, Legend Fires has become a prominent name in the manufacture of gas, electric, and solid fuel appliances. Our dedication to quality and innovation has earned us numerous awards, solidifying our reputation for producing exceptional fires. Each product is carefully crafted in our Blackburn, Lancashire factory, ensuring top-notch quality and durability that our customers can rely on.

Our commitment to excellence extends beyond our products. At Legend Fires, we pride ourselves on delivering industry-leading customer service, a fact reflected in our “Excellent” rating on Trust pilot. Our knowledgeable and friendly team is always ready to provide expert guidance and support, ensuring our customers find the perfect heating solution to meet their needs. From the initial inquiry to after-sales service, we aim to exceed expectations at every turn.

In addition to our unwavering focus on quality and service, each product in this brochure proudly carries UKCA approval, meeting stringent safety and performance standards. Backed by a comprehensive 5-year warranty, our appliances offer peace of mind and long-lasting satisfaction. Whether you prefer the elegance of a gas fire, the convenience of an electric fire, or the traditional charm of a solid fuel fire, Legend Fires has a range of award-winning options designed to enhance any home.

Virage HE Convector Fire with Coal effect, black trim & black Aviva fret

# Trusted Retailer Network

At Legend Fires, we understand the importance of accessibility and convenience, which is why we have established a trusted retailer network across the country. Our carefully selected partners are experts in our range of gas, electric, and solid fuel appliances, ensuring that you receive knowledgeable advice and personalized service. By working with these reputable retailers, we can guarantee that our products are available to you wherever you are, and that you have access to the best possible support and guidance when choosing the perfect fire for your home.

In addition to our extensive retailer network, we offer a comprehensive 5-year warranty on all our products, underscoring our commitment to quality and customer satisfaction. This robust warranty provides peace of mind, knowing that your investment is protected against manufacturing defects and performance issues. At Legend Fires, we stand behind every product we create, ensuring that you can enjoy the warmth and ambiance of our award-winning fires with confidence and assurance.

## BUILT TO LAST

The Legend Range of gas fires epitomizes timeless elegance with its classic design, offering a seamless complement to any interior decor. Crafted for versatility, these fires stand as a pinnacle of quality and choice, boasting complete customizability to suit individual preferences. Each piece within this range is meticulously hand crafted to order at our Lancashire factory. With over 1000 different configurations available, customers have the freedom to personalise their fireplaces, allowing for a unique and tailored addition to their homes. Whether seeking traditional charm or a modern twist, the Legend Range embodies superior craftsmanship and versatility, offering sophisticated and customizable heating solution for any space.

# TV Size guide

When you choose a NERO for your TV or media wall, there are numerous installation possibilities. Selecting the right size for both your NERO electric fire and your TV will depend on the available space and your personal preferences. TV sizes can vary across manufacturers, and how your TV is installed (such as in a recessed cavity) will influence its appearance in relation to the fire. This guide offers general recommendations for pairing TVs with NERO landscape fires, but your trusted retailer can help you achieve the ideal look by considering the entire installation.

Product	TV size (A)
NERO 1500	55"-75"
NERO 1200	50"-65"
NERO 780	32"-45"
NERO 780s	32"-45"

## BEAUTIFUL SIMPLICITY

An epitome of versatile luxury and inspired by the elegance of Nordic design. Offering a plethora of configurations and an array of interior and frame options, each fire within the Ethos range is a testament to customization and sophistication.

Crafted meticulously by hand and rigorously tested at our Lancashire headquarters, these fires bear the hallmark of quality and precession. The Ethos range proudly features a log fuel bed as standard, perfectly complementing its premium appeal while excluding a sense of natural beauty.

Engineer for excellence, these fires boast high efficiency and outstanding performance, ensuring not only an exquisite aesthetic but also practical warmth and comfort for any space.
